

B class – Lessons 13 – 25
Test 2

A. Read the email. Then do the exercises that follow.

Dear Nicola,

I have just returned from my weekend school trip to the countryside and I'm writing to tell you all about it. We had a really nice time.

We got up early on Saturday morning and got on the school bus. Our guide's name was Paul. First, Paul took us to a special kind of animal park. He said that some of the animals there are in danger and may disappear. So, scientists are trying to protect them. Of course, we didn't see any crocodiles, iguanas or alligators, like those in our school book, but we did see birds, monkeys and kangaroos.

We ate our packed lunches in the park. Then we got on the school bus again to go to a village up the mountain and spend the night. It was a long and tiring journey. The weather was foggy and some of my friends were a bit frightened. But I wasn't. I just liked the adventure.

We reached the village in the afternoon and we had an early dinner. Then my friend Tom played his guitar and I played my flute. The others sang. It was great fun!

The next day we visited some ancient ruins near the village. There was a museum next to the ruins and we visited the exhibition. It showed how people in the past used to live: we saw their clothes and their children's toys. I hadn't visited a museum like this before so I was very excited.

That's all for now!

Love,
Kate
