a. practises b. acts c. joins
10. Every year Simon and his parents to a different country.
a. travel b. arrive c. stay

B. This is Rupert's post on the Webmag. Read his post.

Our Own Musical!

Hi! I'm Rupert and I'm in the school Drama Club! Mr. Rose, our Drama teacher, decided we were going to do something different this year. We usually choose a play and perform it, but this year we wrote our own story. When he told us, we were really surprised but then we thought 'it sounds like fun'. We also wrote our own songs for it. Each one of us had something different to do. For example, my friends Eric and Jonathan are musicians, so they played their instruments in the show. Eric played the drums and Jonathan played the guitar. Some of the girls are very good singers so they sang beautiful songs. I like to write stories so I helped write the words of the play. We all did our best.

The story is about a group of young people in a carnival parade. Suddenly, there is a storm and everyone starts running. There are many funny things that happen after that and, in the end, everyone who is on stage sings and dances together.

On the night of the show the audience was clapping all the time. In one scene we pretended that we were walking in the rain and the audience loved that. Everyone was on stage for the final song, but only the actors were wearing special costumes. They went to the audience and invited some people to come on stage with us and dance. We had a great time!

Write T [True] or F [False].

(6 X 1 = 6 points)

-1. The Drama teacher asked the students to do something new this year.
-2. The students weren't happy to write the play.
-3. Two of Rupert's friends play musical instruments.
-4. It started raining and the people in the audience had to run.
-5. The actors left the stage just before the end of the show.
-6. Some of the people in the audience danced on stage.

Complete the sentences.

(4 X 1 = 4 points)

- 7. Rupert did his when he helped write the words for the play.
- 8. In the play, things happen after everyone starts running.
